EPI ELECTRICAL PANEL GENERATION 2

EPI 24+6 3x32A G2

EPI ELECTRICAL PANEL GENERATION 2

EPI 24+6 3x32A G2

NAMN	**EPI 24+6 3X32A G2**	PRODUKT EAN	**7330701031557**
ART. NR	**54365**	TULL TARIFKOD	**85369095**
ENUMMER	**2502094**		
BREDD	**1737 MM**		
FÄRG	**BLACK**		
URSPRUNGSLAND	**CHINA**		

Teknisk information och certifikat

EPI G2 is a range of PDU: s that can be used alone as reliable power distribution unit without any monitoring functionality.
The PDU can be fitted with a monitoring module (EPI MM G2) for local and remote monitoring through TCP/IP or ampere module (EPI AM G2) for local ampere reading.

EPI PDU

- PDU with C13 and C19 outlets in multiple configurations.
- Multiple inlet options.
- PDU will provide power regardless if a monitoring module is fitted or not.
- Possible to add EPI MM monitoring module or EPI AM ampere module.
- Custom configuration of inlet and outlet available on request.
