SVK 8620 X1

NAMN	**SVK 8620 X1**
ART. NR	**56861**

ENUMMER	**2501036**	PRODUKT EAN	**7330701093609**
URSPRUNGSLAND	**SWEDEN**	TULL TARIFKOD	**94039910**

Teknisk information och certifikat

SVK

- Complete swing frame kit including all fixing material.
- 19″, 38 HU (2000mm high cabinet) – Selectable pivoting point, central or left/right.
- Slot cylinder lock for holding the swing frame in closed position in top and bottom.
- Made of galvanized steel sheet – Load capacity up to 150kg (for details see below)
- Opening angle up to 160° (for details see below)

Load capacity

- Central pivoting point: 150 kg (evenly distributed in depth/height)
- Left/Right pivoting point: 100 kg (evenly distributed in depth/height)

Build in depth and opening angle

- The build in depth and opening angle is depending on pivoting point position and how deep the swing frame is fitted in the frame of F1/S1.
