

EPI ELECTRICAL PANEL GENERATION 2

EPI AM 1 G2

## EPI ELECTRICAL PANEL GENERATION 2

# EPI AM 1 G2

|                   |             |                     |               |
|-------------------|-------------|---------------------|---------------|
| NAME              | EPI AM 1 G2 | PRODUCT EAN         | 7330701031588 |
| ART. NO.          | 54368       | CUSTOMS TARIFF CODE | 85369095      |
| EAN               | 2502097     |                     |               |
| COLOUR            | BLACK       |                     |               |
| COUNTRY OF ORIGIN | CHINA       |                     |               |

## Technical information

**EPI G2 is a range of PDU: s that can be used alone as reliable power distribution unit without any monitoring functionality.**

**The PDU can be fitted with a monitoring module (EPI MM G2) for local and remote monitoring through TCP/IP or ampere module (EPI AM G2) for local ampere reading.**

### EPI AM, AMPERE MODULE

- EPI AM is available in two versions, one for 1 phase PDU:s and one for 3 phase PDU:s
- EPI AM 1 G2 - for 1 phase PDU:s
- EPI AM 1 G2 - for 3 phase PDU:s
- Possible to fit EPI AM ampere module for local reading of:
  - Total load current (A)
